

SeeBeyondBorders UK joins UKFIET — strengthening our Cambodian education impact

Education Inspires! Engaging with the Community

Throughout the last academic year, “Education Inspires” gatherings held across 20 schools in Siem Reap province have brought families, teachers, and students together to celebrate learning, creativity and community bonds. These structured gatherings are part of our wider **drive to increase community engagement in education and learning**. According to the World Bank Global Education Advisory Panel enhancing community engagement is one of the most cost effective strategies to improve learning in the Global South.

Proud New UKFIET Members!

We are delighted to announce we are now one of 40 Education and Development Forum (UKFIET) members and one of only three new organisations to secure membership. During September, the SeeBeyondBorders' UK membership application to [The Education and Development Forum - UKFIET was ratified at the UKFIET](#) AGM in Oxford, following our application in April this year.

"I was pleased to be in Oxford to participate in the Conference and to see our organisation secure membership of UKFIET."

SeeBeyondBorders CEO International Operations Colm Byrne

Understanding Transform Education

Research and evidence shows **enhancing teacher effectiveness is among the most effective ways to improve learning outcomes for students**. Following on from the initial success of the Transform Education project in Siem Reap, we have now expanded this to districts in Battambang and Oddor Meanchey provinces.

With an aim to inspire and empower teachers and school leaders, this project focuses on transforming standards and collaboration where access to quality education is poorest and students' educational outcomes are lowest. Watch this new video to learn more!

Counting Down to the Big Give Campaign

TWICE THE
IMPACT

For one week from **Tuesday 2nd December**, SBB UK will participate in the Big Give Campaign, with all donations during this week being doubled: making **twice the impact for education in Cambodia**. Any donations made through the Big Give Campaign truly make a difference: no matter how big or small. Please save the date - we will share more information soon!

Program Review

During September, SBB Cambodia held their Annual Programme Review, bringing the entire team together to collaborate, discuss and review progress of our interventions.

A key highlight- and a first for SBB Programme Reviews- was the inclusion of a discussion panel with teachers and school leaders we work with. This gave the opportunity to gather honest, open feedback from those we work directly with, to ensure we continue to improve our work on the ground, aligned with the voice of the community.

"After participating in the SBB project for 1 year, I observe that my students change so much related to both their attitude and knowledge." - Bun Lak, Grade 2 Teacher.
